

Meán Scoil Mhuire is delighted to be a partner school with DCU Anti-Bullying Centre (ABC) delivering the FUSE Anti-Bullying & Online Safety Programme to our students.

In line with FUSE recommendations, we support the UNESCO Whole Education Approach in tackling Bullying and Online Safety in our school, which is led by our students and where their voices are valued and heard.

Together with the support of FUSE & active communication of our school Anti-Bullying Policy we are making a tangible difference in encouraging increased reporting resulting in decreased bullying. Here are some of the key takeaways we learned on the FUSE Programme.

How to spot the signs of bullying both online and offline – RECOGNISE

How to take personal responsibility safely – RESPOND

How to “break the silence” – REPORT
